

express-hogan-pdf API Reference

Usage

Using as an express view engine

```
app.engine('pdf.xml', require('express-hogan-pdf'));
app.set('views', './views');
app.set('view engine', 'pdf.xml');

app.get('/pdf', (req, res, next) => {
  res.locals.key = 'value';
  res.render('template.pdf.xml');
});
```

Generating a PDF stream, buffer, or file

```
const hoganPdf = require('express-hogan-pdf');

const locals = { key: 'value' };

hoganPdf.fileToStream('source.pdf.xml', locals, (err, stream) => {
});

hoganPdf.fileToBuffer('source.pdf.xml', locals, (err, buffer) => {
});

hoganPdf.fileToFile('source.pdf.xml', locals, 'dest.pdf', (err) => {
});
```
